Dear Authors,

The paper needs some more improvements:

- first please indicate all changes using red type color
- all the tables and figures must fit the page size and margins
- figure 1 is unclear
- Conclusion must be on the end of paper prior " Acknowledgement" please place the study limitation and Implication for Further Studies in the conclusion
- please join the Methodological Implication and Research Implication and Suggestions in one section: "Managerial implication"
- remember to fit into 10 pages max

Kindly request to consider some of PJMS archive papers in the literature review.

Yours faithfully,
